Connect2Texas Handout

Open your web browser and go to www.connect2texas.net	
I like to first check upcoming program offerings to see if there's an event already scheduled that fits my needs. If there is, contact me and I will see if we can join them. To check upcoming offerings, click on the Calendar of Programs and Register button.	
Enter your research criteria or leave it blank to show all upcoming events.	Click Show Upcoming Program Offerings when done. 
A page will appear showing Program Title, appropriate grade level(s), date of the scheduled event, start/end times, cost and the status of the event. Click on the program title to display more details about the program.	
If no upcoming events are appropriate for your needs, search the program database. To do this, click the Search Programs button.	
Enter your specific research criteria or leave it blank to show all upcoming events.	Click Search for Program Information when done. 
A page will appear showing Program Title, description of the program, cost, and appropriate grade levels. Click on the program title to display more details about the program.	
When you locate a program you want, contact me. Tell me the provider, program title, and give me several options of dates and/or times (for all parties involved to choose from).	Name of Program: _____ Dates: _____ Times: _____ Contact me at: _____
I will then get back to you once I hear from Region XI (RETN) and/or the provider.	How easy is that? 😊
